

Department of Materials Science and Engineering

MSE & WE Graduate Student Enrollment Guidelines

AU21 – SP22

Post-Candidacy?

Yes

No

3 credits:

- 3 cr 8999
- 1 cr 7895 * + 2 cr 8999
- Or, for MSE students giving a Dissertation Overview, enroll as follows
1 cr MSE 8000 + 2 cr 8999

**Funded
as a
GRA or
Fellow?**

Yes

No

18 credits:

(graded courses) + 1 cr 7895 * + X cr 6999

International?

Yes

No

Min. 8 credits **

(must enroll in 7895 * if on-campus)

Student's discretion

(on-campus must enroll in 7895 *)

** Distance Learning students see
note at right

* Under the new MSE curriculum, a minimum of 3 credits of MSE 7895 is required, all with grade of S. Enrollment beyond 3 cr is optional. WELDENG students are to enroll in WE 7895 every AU & SP except in the student's final term.

Be aware of add/drop dates

and other fee-related deadlines!

See registrar.osu.edu/registration

Substitutions & Additions:

- Approval from your advisor is required to register for credits other than those described at left.
- Advisor's *prior* approval required if enrolling in more than the limits described at left.

BS/MS

Enroll in the *graduate* section of any courses intended to be double-counted in the BS and MS requirements.

- MSE—select the graduate section of any MSE 5000-level elective course.
- WE—select the WE 7000 version of the WE elective course, not the 4000 version.

Distance Learning (on-line)

No minimum enrollment; enroll as your schedule permits. Minimum 3 graduate credits in term of graduation.

GE-ACE

There is no minimum enrollment other than that required by the ACE program.

External Fellowship (NSF, Fulbright, etc.)

The student is responsible to meet any minimum enrollment required by the funding source.

Internships

Please contact Mark Cooper.73 and Mei Wang.235 if you will be working on an internship at any time during AU21 through SP22.

Graduation—minimum enrollment

Minimum enrollment during term of graduation = 3 graduate credits. However, student must also ensure s/he is properly enrolled to meet funding minimums described at left.
