

WELDING ENGINEERING

DISTANCE STUDENT NETWORK COLLABORATION

- New organization – be part of the ‘founding student’ team! Many opportunities for Executive Board support!
- Support Engineering activities in collaboration with the Welding Engineering department
- Majority of events are virtual!
- Network and connect with OSU undergraduate and graduate Welding Engineering students (many are working professionals!)
- Attend professional leadership development courses
- Interact with industry professionals from a variety of networks
- Engage and support community outreach activities with high schools and Welding Engineering programs
- Future tutoring and class support is currently being developed!

No membership fees!
